

Invitation to become an Earth Citizen Politician

I am reclaiming my democratic sovereignty in a globalised world by becoming a Global People Power, Earth Citizen. I would like to invite you to become an Earth Citizen Politician by signing the attached Accountability Agreement.

I am also writing to inform you that I will be voting in national elections only for politicians who have become active members of our movement by signing the Earth Citizen Politician's Accountability Agreement. (Politicians that promote hate cannot participate.)

We, Earth Citizens are assuming democratic power and responsibility as a diverse human family united in tackling the systemic root-causes of threats to all life on earth. Earth Citizens' Assemblies create policies to solve global challenges. Earth Citizens take action to drive all nations to implement those policies immediately and unilaterally where possible, or where necessary, to set a date for their global cooperative implementation.

By becoming an Earth Citizen Politician you are agreeing, if elected, to actively support this participative democratic process and to implement its policy proposals.

As our movement grows, politicians and political parties joining us will have a greater chance of winning elections. They will be showing that they have systemic global solutions to systemic global problems impacting voters' daily lives.
